Housing Needs Survey

Just 15 minutes of your time filling in this survey can help us consider housing needs, and influence developments in and around the parish, over the next 5 years

Ruishton and Thornfalcon Parish Council have commissioned Taunton Deane Borough Council to undertake a Housing Needs Survey to help influence future housing development so that it meets the needs of local people in Ruishton, Henlade and Thornfalcon. The survey is also for anyone connected with you, who does not currently live in the parish but would like to.

During the first week of February all households in Ruishton, Thornfalcon & Henlade will receive a questionnaire through the post. By filling it in you will help us to find out what is important to you so your input through this questionnaire is very important.

Keep an eye out in your post so you don't accidentally put it out as junk mail! You will be able to download extra copies from our ruishton.org.uk website if needed.

Don't forget - Have Your Say!
