

A Vision for Ruishton, Thornfalcon & Henlade

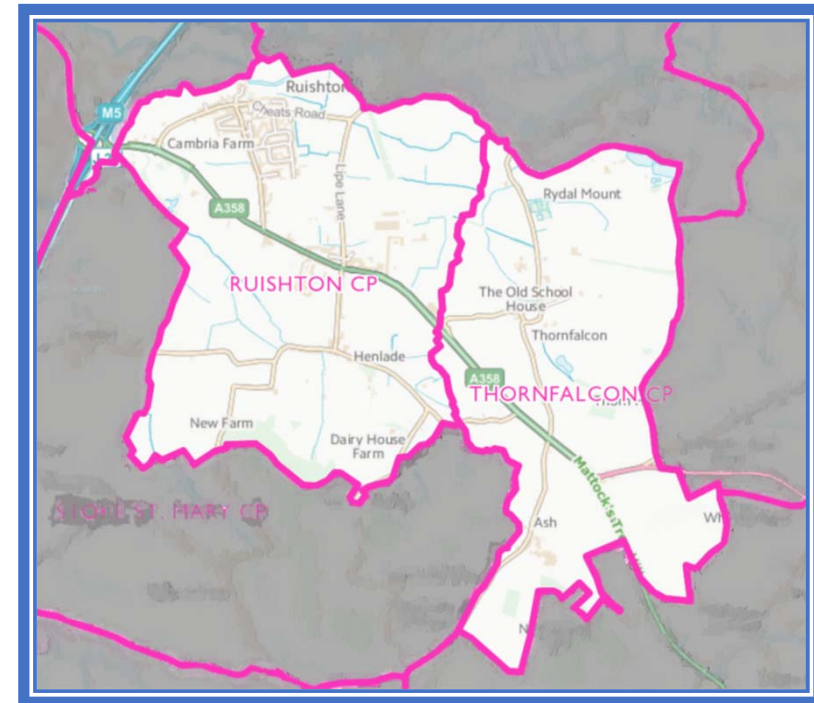

Neighbourhood Plan

A VISION FOR RUISHTON & THORNFALCON PARISH IN 2037

In 2037 the Parish will contain three distinct & separate villages of Ruishton, Thornfalcon & Henlade. They will be thriving healthy communities with separate identities & access to shops, churches, pubs, village halls, playing fields & primary school.

Each village will be surrounded by accessible countryside with flourishing wildlife & protected from flooding. Roads will be unpolluted, safe for pedestrians, cyclists & traffic. There will be good quality homes, access to jobs & provision for those working from home.

Community Objective

To maintain separate village communities sharing better provision of, & access to, community & commercial facilities such as medical centre, school, post office, churches, shops, cafes, public houses, allotments, leisure & recreation.

Housing Objective

In any new housing to provide a better mix of well located, sustainably designed housing for local needs, including affordable housing for first-time buyers & appropriate homes for the elderly.

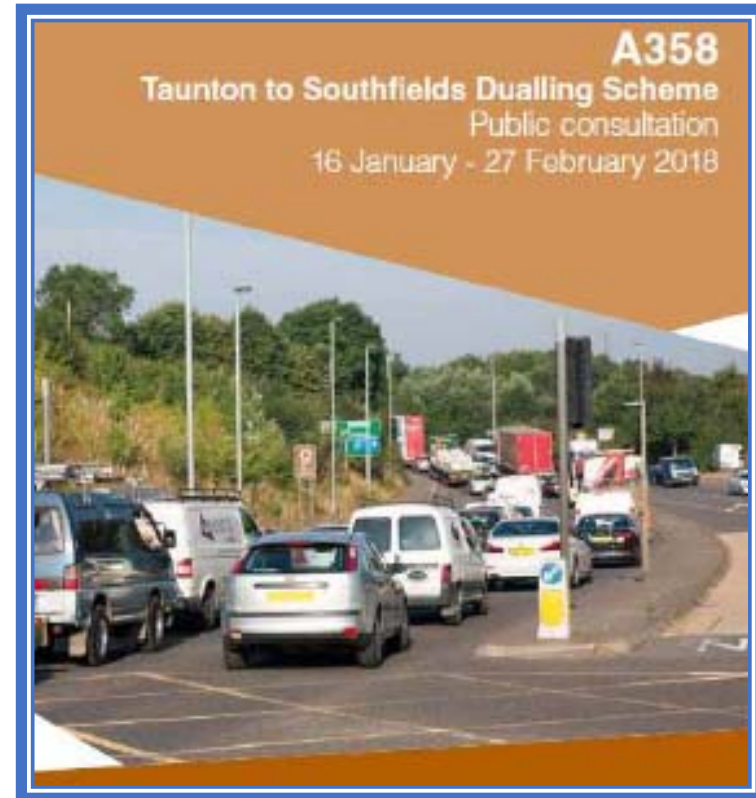

Traffic/Transport Objective

To provide safe cycle-ways/footpaths & roads for, pedestrian/cycle & vehicular traffic, encouraging healthy means of travel & reducing volumes of traffic and noise; providing better public transport & parking facilities.

To reduce levels of traffic, pollution & noise on the A358.

Environment & Heritage Objective

Achieve environmental enhancement including wildlife & heritage preservation & creation of ecological corridors. Encourage sustainable development, local energy production & better flood protection. Maintain & improve access to the countryside & heritage sites

Economy/Employment Objective

To enhance the viability of the local economy & employment opportunities through provision of high-speed fibre internet to all types of property & the more flexible use of existing & new employment sites.
